WHAT WE DO

Bathroom modifications, done properly.

Level-access showers, rails in the right places, shower seats and vanities you can reach. Planned around how the person actually moves, not a standard layout.

- Planned around the person and the therapist recommendation
- A free site visit with measurements and photos
- Itemised written quote a plan manager or funder can follow
- Walk-through and sign-off at handover

WHAT IT COVERS

What we supply and install

- Level-access shower screens
- Folding shower seats
- Grab rails: straight, angled, L-shaped
- Raised toilet seats and over-toilet frames
- Hand-held showers on slide rails
- Non-slip floor treatments

A lower hob or level-access shower

Stepping over a hob is a common problem. Options include a lowered hob or a level-access floor, depending on the structure. We check the.

A rail or support in the right place

The position depends on how the person stands and transfers. We place it with the therapist and fix it into solid backing.

A shower seat and a good hand-held shower

Fold-down or fixed seating, slip-resistant floor and controls within reach.

Slip-resistant surfaces and drainage

Surface and drainage choices change how safe a wet floor is. We talk through what is practical for your bathroom.

HOW IT WORKS

From first call to handover.

1. **You call or send an enquiry**
   We ask what is hardest and who is involved. No sales script.
2. **Free site visit**
   We measure, photograph and talk through options. Therapists can join.
3. **Written quote**
   Itemised and linked to the recommendation.
4. **The work**
   Done by the right trades. We tell you before anything changes.
5. **Handover**
   Walk-through, sign-off, photos and invoice to whoever needs them.

COMMON QUESTIONS

Straight answers.

Do I need an OT report first?
Often a therapist's recommendation is needed for funded work, and it helps with private jobs too. We can work from your report or explain how to arrange one.

Can I keep my existing tiles?
Often for rails and seats, yes. A level-access conversion usually means new floor tiles in the shower zone at least, and we match as closely as we can.

How long is the bathroom out of action?
For a shower conversion, typically one to two weeks including waterproofing cure times. We plan around a second bathroom if there is one, and tell you up front if there is not.
