WHAT WE DO

Kitchen and laundry, done properly.

Changes that make cooking, cleaning and laundry possible from a seated position or with limited reach, and safer for everyone in the room.

- Planned around the person and the therapist recommendation
- A free site visit with measurements and photos
- Itemised written quote a plan manager or funder can follow
- Walk-through and sign-off at handover

WHAT IT COVERS

What we supply and install

- Lowered or height-adjustable bench sections
- Pull-out shelving and drawer conversions
- Lever and sensor taps
- Induction cooktops with safety cut-offs
- Front-loading appliances on plinths
- D-handles and easy-grip hardware

Storage brought into reach

Pull-down or pull-out storage and moving what you use daily into the easy-reach zone.

Bench or sink at a usable height

Height changes or a lower work area, depending on how the person works.

Safer controls and cut-offs

Controls at the front, and options that cut power if a stove is left on. See stove safety.

Laundry on one level

Front-loading machines at a good height and a clear path.

HOW IT WORKS

From first call to handover.

1. **You call or send an enquiry**
   We ask what is hardest and who is involved. No sales script.
2. **Free site visit**
   We measure, photograph and talk through options. Therapists can join.
3. **Written quote**
   Itemised and linked to the recommendation.
4. **The work**
   Done by the right trades. We tell you before anything changes.
5. **Handover**
   Walk-through, sign-off, photos and invoice to whoever needs them.

COMMON QUESTIONS

Straight answers.

Is this covered by NDIS or Support at Home?
It depends on the plan or assessment and on the supporting recommendation. We give you a clear quote for you and your funder to assess.

Can a kitchen modification be funded?
Where it follows an OT recommendation tied to a functional goal, it can be considered. Funders assess each case. We provide a clear quote for that assessment.

Can you do it in stages?
Yes. We often do the cheaper reach and safety changes first and plan structural work for later.
